EDUCATION

Maharishi Dayanand University

B.Tech in Computer science and Engineering

Haryana, IN

2020 – 2024

EXPERIENCE

Edataplings

Software Developer

Jun 2024 – Present

Noida, Uttar Pradesh, IN

- Led the design and development of logistics software solutions, streamlining shipment tracking, pre-booking, consolidation, and warehouse management processes.
- Worked on multiple **integration projects using REST APIs**, enabling seamless data exchange between internal systems and third-party applications.
- Developed and enhanced features on **Coventina.net**, including adding a user feedback section and implementing additional functional improvements to improve user engagement.
- Built a ticketing system for Zephyrzz, enabling issue submission and admin response workflows, improving issue resolution efficiency and user satisfaction.
- Integrated Zoho Forms with other Zoho applications to automate workflows and enhance data synchronization.
- Tech Stack Used: **HTML, CSS, Bootstrap, JavaScript, jQuery, SQL, C#, ASP.NET MVC, SQL Server Management Studio, Python.**

Digital Impressions

UI Developer

Feb 2023 – Jun 20

Faridabad, Haryana, IN

- Designed and developed responsive, user-friendly interfaces for eCommerce websites including **Libas, Kunal Rawal, The Leather Laundry, and Needledust.**
- Built dynamic **Shopify themes and templates using Liquid**, enabling easy content updates by non-technical users and improving site flexibility.
- Created product-focused blogs and content pages to enhance customer understanding and support informed purchasing decisions.
- Tech Stack Used: **Html 5, CSS, Javascript, jQuery, Liquid.**

Teaching Experience (Math/Science)

Feb 2020 – Jun 22

- 2 Year Teaching Experience in Omniscient Institute (Faridabad)
- 3 year of Private Home Teaching Experience.

PROJECTS

Zephyrzz | SQL, Asp.net, .Net Core, C#, Bootstrap, JQuery, javascript, mvc

July 2023 – present
